ASRs are to be returned no later than 02/01/03, in order to avoid potential trunk blockage

Description of Reasonably Foreseeable Impact of the Planned Changes:

Independent LECs, Wireless Service Providers, CLECs, and Interexchange Carriers will be affected for traffic originating and terminating to and from these Rehome End Offices. New trunk groups must be established between the customers and the new tandem. Existing trunk groups between the customers and the former tandem should be downsized.
